Vision & Mission Statements

In order to provide direction for Dickinson Township elected and appointed officials and employees the Board of Supervisors approved the following Vision and Mission Statements on April 16, 2007. The Vision Statement is meant to give a broad, aspiring image of the future that a township is aiming to achieve, while the Mission Statement defines the core purpose of the organization - why it exists. These statements were developed through joint workshops and concurrence by representatives of the Board of Supervisors, Planning Commission, Municipal Authority, and Park and Recreation, and staff. Concurrently the Joint workshops have developed Strategic Goals that are defined under five dimensions of Social, Economic, Environmental, Cultural, and Governance. These Strategic Goals will be presented to the Board of Supervisors for adoption at their May 7, 2007 meeting.
